Staffing

All our staff are vetted using our safer recruitment procedures, including an up to date enhanced DBS check. Their suitability is evaluated termly at their 1-1 supervision meeting. The team is made up of a mixture of sports coaches and playworkers.

Training

All staff undergo our own training procedure focusing on safeguarding, policies and procedures and health and safety. They are also trained in 1st aid and food safety.

What we offer

We ensure that we provide a safe and stimulating environment for all children, ensuring their needs are met and they feel secure in our care.

We strongly believe in the power of play and that it is essential to the development of every child. Research shows play can improve children's abilities to plan, organise, get along with others and regulate emotions. We offer a wide range of activities, with a mixture of adult led and free choice based on the children's interests, including team games, sports sessions, arts and crafts and free play.

FAQs for parents

Answers to common questions:

What is your Ofsted number or childcare provider number?

Ofsted number: 2695250

Can I make regular/set bookings?

Yes - on the right hand side you can select all Mon/Tues/Weds etc for the year so you know you have a regular booking in place. You can then select the type of childcare you need either separately for each day or as a block. Please remember to select partial payment at the checkout so you only get billed a month at a time.

When do I need to pay by?

Around the 22nd of each month an invoice will be sent to you detailing the costs for the following month. Payments should reach us by the 1st of each month.

Can I make ad hoc bookings?

Yes of course - make sure you have registered on the site so that when you need childcare you can login and book the days and times you need. We aim to always have some ad hoc spaces available.
